**Subject:** Media Inquiry -- BP Oil Spill Into Lake Michigan From Whiting Refinery

Hi Francisco,

I'm a reporter with the legal news wire Law360 and I'm working on an article about the oil spill into Lake Michigan for the BP refinery, and was told by IDEM that you would be the best person to contact for this.

Would EPA be able to confirm that the spill has taken place and provide any details, including how much oil was released and what cleanup and containment efforts are taking place?

Thanks,

Sean McLernon  
Reporter
